

## Lexign FLOW Pricing Tables

| Lexign FLOW 6.2.x                     |                              |  |
|---------------------------------------|------------------------------|--|
| Server plus user capacity license     | List Price                   | Part Number  |
| 10                                    | \$10,000                     | CSP00010   |
| 25                                    | \$16,000                     | CSP00025   |
| 50                                    | \$25,000                     | CSP00050   |
| 100                                   | \$40,000                     | CSP00100   |
| 250                                   | \$75,000                     | CSP00250   |
| 500                                   | \$100,000                    | CSP00500   |
| 1000                                  | \$125,000                    | CSP01000   |
| 2500                                  | \$200,000                    | CSP02500   |
| 5000                                  | \$330,000                    | CSP05000   |
| Note 2 - Unlimited                    | \$500,000                    | CSP00UNL   |
| <b>Additional User Capacity Packs</b> |                              |  |
| 5                                     | \$2,000                      | CUP00005   |
| 10                                    | \$4,000                      | CUP00010   |
| 25                                    | \$10,000                     | CUP00025   |
| 50                                    | \$19,000                     | CUP00050   |
| 100                                   | \$34,000                     | CUP00100   |
| 250                                   | \$69,000                     | CUP00250   |
| 500                                   | \$94,000                     | CUP00500   |
| 1000                                  | \$119,000                    | CUP01000   |
| <b>Additional Lexign FLOW Server</b>  |                              |  |
| 1 Server                              | \$6,000                      | CWS00001   |
| <b>Lexign FLOW Enterprise Edition</b> |                              |  |
|                                       | Provides Cluster Licensing - | this allows the Lexign Flow Server to run on a cluster instead of a single node and provides software fail-over. |
| Per Server                            | \$10,000                     | CEE00001   |

**Note 1** – Lexign Flow includes ProForms

**Note 2** – Unlimited user level includes an unlimited number of users on a single server. Additional servers may be purchased and would be unlimited as well. This is not a site license.

**Note 3** – Lexign Flow now comes standard with an 8-hour refresh rate. In the past the default refresh period was 1 week (24 hrs/day x 7 days=168 hrs.)

## Lexign Flow Maintenance Options

| Server plus user capacity license | 12-month iCare |             | 12-month iCare Plus |             |
|-----------------------------------|----------------|-------------|---------------------|-------------|
| 10                                | \$1,500        | CCP30010-12 | \$1,800             | CCP40010-12 |
| 25                                | \$2,400        | CCP30025-12 | \$2,880             | CCP40025-12 |
| 50                                | \$3,750        | CCP30050-12 | \$4,500             | CCP40050-12 |
| 100                               | \$6,000        | CCP30100-12 | \$7,200             | CCP40100-12 |
| 250                               | \$11,250       | CCP30250-12 | \$13,500            | CCP40250-12 |
| 500                               | \$15,000       | CCP30500-12 | \$18,000            | CCP40500-12 |
| 1000                              | \$18,750       | CCP31000-12 | \$22,500            | CCP41000-12 |
| 2500                              | \$30,000       | CCP32500-12 | \$36,000            | CCP42500-12 |
| 5000                              | \$49,500       | CCP35000-12 | \$59,400            | CCP45000-12 |
| Unlimited                         | \$75,000       | CCP30UNL-12 | \$90,000            | CCP40UNL-12 |
| Additional User Capacity Packs    | 12-month iCare |             | 12-month iCare Plus |             |
| 5                                 | \$300          | CCU30005-12 | \$360               | CCU40005-12 |
| 10                                | \$600          | CCU30010-12 | \$720               | CCU40010-12 |
| 25                                | \$1,500        | CCU30025-12 | \$1,800             | CCU40025-12 |
| 50                                | \$2,850        | CCU30050-12 | \$3,420             | CCU40050-12 |
| 100                               | \$5,100        | CCU30100-12 | \$6,120             | CCU40100-12 |
| 250                               | \$10,350       | CCU30250-12 | \$12,420            | CCU40250-12 |
| 500                               | \$14,100       | CCU30500-12 | \$16,920            | CCU40500-12 |
| 1000                              | \$17,850       | CCU31000-12 | \$21,420            | CCU41000-12 |
| Additional Lexign FLOW Server     | 12-month iCare |             | 12-month iCare Plus |             |
| 1 Server                          | \$900          | CCS30001-12 | \$1,080             | CCS40001-12 |
| Lexign FLOW Enterprise Edition    | 12-month iCare |             | 12-month iCare Plus |             |
| Per Server                        | \$1,500        | CCE30001-12 | \$1,800             | CCE40001-12 |
